"Lock-jaw"

bpt ↓

HR ↓

Temp ↓

200 nanograms = 0.0000002 grams

Fear me!!

FATAL

Possibly the most toxic substance known

Prevention:

Vaccine: Tdap

Treatment:

Paralytics

Antibodies

Valium infusion

Ventilation

Extra feeds

(Hyperalimentation)

ICU for weeks

That "fence" was the barbecue lid. You tried cooking burgers at 4AM.

I gashed myself on a fence last night

Mortality 50-75% !!
1,000,000 deaths annually
→ Unvaccinated
→ >10yrs since booster
